Card Instructions:

- You will be creating 4 cards for this project. It is best to work in an assembly-line fashion.
- Using a wedge of the Stamping Sponge, add Crumb Cake ink to the front and sides of the designer paper. Add just enough color to make the paper appear aged. Using a different wedge of sponge, add Powder Pink ink to the sides of the designer paper.
- Choose two different snowflakes from the Colorful Seasons stamp set. Ink one of the images in Basic Gray Archival ink. Stamp off on scratch paper then stamp on the Powder Pink 4" x 5 1/4" layer. Repeat this process creating a random pattern. You will only need to stamp the left side of the cardstock as the designer paper will later cover the right side. Ink the other snowflake in Powder

Pink ink. Stamp off on scratch paper then stamp on the Powder Pink 4" x 5 ¼" layer. Repeat this step, filling in-between the first snowflakes.

- Adhere the designer paper to the right side of the card base.
- Cut one silver Foil Snowflake in half. Add a small amount of adhesive to the back center and adhere it along the center, left edge of the designer paper.
- Wrap the Very Vanilla Lace Trim over the seam on the DSP and attach it to the back of the Powder pink layer.
- Stamp the greeting using Basic Gray Archival ink on the Very Vanilla 2 ½" x 3 ½" piece of cardstock. Ink one of the snowflakes using Powder Pink ink. Stamp off on scratch paper then stamp over the upper left side of the greeting. Repeat this step, adding another snowflake in the lower right corner of the greeting. Crop the greeting using the appropriate size Layering Ovals Framelit in the Big Shot. Sponge the edges of the oval using both the Powder Pink and the Crumb Cake sponges.
- Zig zag the ribbon across the back of the greeting piece, hold in place with scotch tape. Use Dimensionals to adhere the greeting to the card.
- Add a Clear Faceted Gem to the left side of the word "Merry" on the oval.
- Stamp one of each snowflake in the lower left corner of 4 Very Vanilla Medium Envelopes using Powder Pink and Basic Gray Archival inks.
