## Stampin' Up! Supplies:

- STAMPS – Peace this Christmas (Clear Mount – 141570 OR Wood Mount - 141567)
- PAPER – Real Red (102482), Emerald Envy (141415), Whisper White (100730), Silver Glimmer (135314)
- INK – Basic Black Archival (140931)
- OTHER – Simply Scored Board (122334), Stampin' Trimmer (126889), Big Shot (143263), Layering Ovals Framelits (141706), Fast Fuse (129026), Foil Snowflakes (144642), 1 ¾" circle punch (119850), Mini Tinsel Trim Combo (144636), Silicone Craft Sheet (127853), Bamboo Skewer, Hot Glue Gun

## Cutting & Scoring:

- Real Red – 4" x 11", and (2) 1 ¾" circles
- Emerald Envy – 3" x 11", and (2) 1 ¾" circles
- Whisper White – 2 ½" x 3 ½"
- Silver Glimmer – 2 ½" x 3 ½"
- Red & Silver Tinsel – 28" each color

## Instructions:

- **NOTE** - if you wish to use the lolly as a package decoration or tree ornament, skip adding the bamboo skewer.
- Stamp "Peace, Love & Joy" in Basic Black ink on the Whisper White cardstock. Die cut with a 2 ¾" long oval framelit (inside measurement).
- Die cut the next size up scallop oval framelit from the Silver Glimmer paper. Adhere together with Fast Fuse.
- Fold a Silver Foil Snowflake in half on the longest point; repeat on each long point of the snowflake. This will give the snowflake dimension.
- Heat up glue gun. Allow it to rest on the Silicone Craft Sheet in case it drips.

- Using the Simply Scored Tool, score the Real Red cardstock at 1", 2", 3" and so on, scoring on each 1-inch mark. Flip the cardstock over and score on the ½-inch marks, ½", 1 ½", 2 ½", 3 ½" and so on. Put the short side on your Stampin' Trimmer and cut this piece in half so you have two 2 x 11 strips.
- Repeat process on the Emerald Envy cardstock and cut this piece in half so you have two 1½ x 11 strips.
- Fold each strip back and forth accordion style. Use a Bone Folder to create crisp folds.
- Place Fast Fuse on one end and adhere the strips together to create one long strip in each color. Place Fast Fuse on one end and wrap it around to the other end creating a circle lolly shape. Do this to both long strips so you have one large and one small circle lolly.
- Place the Red accordion circle on the Silicone Craft sheet. Gently press the lolly down to form it, pulling it together towards the center. Place a bit of hot glue in the center hole, keeping your hand on the lolly as it cools. Don't let go as you add a 1-inch diameter circle of hot glue on top of the lolly's center and adhere a red circle punch. It will be hot. I recommend using a clear block to set on top of it. It only takes about 30 seconds for the glue to cool off enough that you can let go.
- Flip the lolly over and add a bit of hot glue inside one of the folds near the center, push the pointed end of the bamboo skewer to the center. Hot glue the remaining red circle punch. Set aside.
- Repeat this process with the Emerald Envy, adding a circle punch on both sides.
- Flip the lolly over so the bamboo skewer is to the back and Hot Glue the Emerald Envy lolly to the center of the Real Red lolly.
- Hot Glue the stamped focal image to the Emerald Envy circle on the top of the lolly.
- Tie both colors of the Tinsel Trim together in a bow around the skewer, just below the lolly.
- Add your lolly to dress up a holiday centerpiece, candy bowl, poinsettia, etc. The bamboo skewer can be cut down as needed. If the ends of the skewer are jagged or sharp, use a nail file to smooth it out.
