Cutting & Scoring:

- Elegant Eggplant Half-sheet for die cutting
- Champagne Scrap for die cutting
- Very Vanilla Scraps for die cutting

Instructions:

- Die Cut Stocking and Pillow box pieces from Elegant Eggplant. If you are careful, you can get both pieces from a half sheet of cardstock. Stamp Stocking with Marbled Background stamp in Elegant Eggplant ink.

- Die Cut Swag, Cuff, Heel and Toe pieces from Champagne Foil Sheets, die cut holly leaves from scrap of Very Vanilla cardstock, and a berry from Elegant Eggplant. Adhere Cuff, toe and heel to Stocking.
- Assemble Stocking into Pillow Box. I adhered the rectangular tab at the bottom of the pillow box to the inside, so as to prevent the bottom from coming open, if hung on a tree.
- Embellish Cuff with a length of Silver Metallic Thread, wrapped around 3-4 fingers and then add Holly and a berry on top.
- Punch an 1/8" hole in top flap of stocking and add loop of Natural Silver Trim, tying a knot at end (to go inside box).

Tips: Use this stocking as an adorable gift card holder, a sweet Christmas Tree Ornament, or as packaging for a fabulous gift such as money, jewelry, or yummy candies!
