Accordion Fold Card

Colors of my card are So Saffron, Sahara Sand, Bashful Blue, and Certainly Celery. These card stocks are used with the Delicate dots Designer Series Paper and the Ribbon Bundle that you can choose from FREE with a \$50 purchase during Sale-a-bration

Take one sheet of 12x12 Whisper White card stock and score it at 4" and 8". Turn it a quarter turn and cut at 4" and 8". This will leave you three strips of 4 x 12 all scored at 4" and 8".

Fold each piece as shown in the photo. One valley and one mountain.

Adhere the three pieces together. The “end of piece 2” is glued to the third panel of piece 1 and the “end of piece 3” is glued to the third panel of piece 2. The third panel of piece 3 folds back under the card and is adhered behind the middle panel of piece 3. This creates six panels of the card.

Start decorating the pages!!

For the cover, I used the Polka Dot Punches and One of a Kind sets.

I used the Key Tag, 5 Petal Flower, 1 ¼ and 1 3/8 circle punches.

The Certainly Celery layer measures 3 7/8 x 3 7/8.

The striped Delicate Dots DSP measures 3 7/8 x 2 ½

The So Saffron grosgrain measures 18". This is tied around the card when it is closed and the recipient can just slide it off to see the inside.

The brads are from the Soft Subtles package.

The greeting was inked up using markers in So Saffron, Certainly Celery and Bashful Blue.

Bashful Blue layer is 3 7/8 x 3 7/8 and the Ticket Corner Punch was used on the corners.

Run this layer through the Big Shot using the Eyelet Texturz Plate.

The Celery piece was created by running the Top Note die through the Big Shot four times, turning it each time (see below for photos on how to do this)

The “C” is cut from a piece of the So Saffron Delicate Dots DSP pack. The Serif Essentials Alphabet Bigz Die set was used to cut the “C”.

I stamped the flower from Simply Said in Versamark to add some interest.
